### **Invitation to Zoom INSIDE the Superior Court**

The “Virtual” Real DUI Court in Schools Program compliments your curriculum while providing students an opportunity to take a field trip from home. Our self-run program is a two-pronged approach of educating students on the dangers of impaired driving, the interworkings in the courtroom after an arrest has been made and the roles of the the judicial branch. After the sentencing of a first time DUI offender, members of the court will make a brief presentation and then invite the students to participate in the interactive Q&A session. We will coordinate all the details with the court and provide you a secure webinar link to share with your students. We only have 30 presentations available for the 2020/2021 school year and dates are starting to go fast. Click below or call us today to reserve your spot (916) 761-2649. ## Stress Management for Teens

Stress, fear, grief and uncertainty can wear anyone down, but teens have an especially tough time coping emotionally. In addition, young adults have tendency to hide their struggles because of shame or a sense of responsibility to avoid burdening others and as a result turn to destructive coping mechanisms.

## A Special Thank You

### A Message From Our CEO

As the end of the year draws near we would like to take this opportunity to thank you for the opportunity to work with, and for you. The

success of Arrive Alive California, Inc. is based on the relationships we have built over the years and we really wouldn't be where we are today without your support.

This year has been filled with a multitude of both challenges and victories. For some it was far worse than others but the impact of 2020 has most certainly touched us all. As we wrap up the last 26 days of the year may we focus on all that we've gained and how much we've grown despite everything we've been through.

We are excited for the new year and all that it has in store - enthusiasm and anticipation are building around new opportunities for AAC to expand and offer more reality-based educational programs for teens, schools and businesses. Stay tuned for more details!

From the entire team at Arrive Alive California, Inc. 'Happy Holidays' to you and your families.

Best,

Angela Kellogg, CEO  
Arrive Alive California, Inc.
