Self-run Reverse Field Trip INSIDE the Superior Court!

The **"Virtual"** Real DUI Court in Schools Program compliments your curriculum while providing students a opportunity to take a field trip from home. Our self-run program is a two-pronged approach of educating students on the dangers of impaired driving, the roles of the judicial branch and the interworkings in the courtroom after an arrest has been made. After the sentencing of a first time DUI offender, members of the court will make a brief presentation and then invite the students to participate in the interactive Q&A. We will coordinate all the details with the court and provide you the zoom link to share with your students.

Things to Remember:

From 2012 to 2016, over 800 people died in alcohol-impaired-driving crashes during the Thanksgiving holiday period(6:00 p.m. Wednesday to 5:59 a.m. Monday), making it the deadliest holiday on our roads.

*Remember that it is never okay to drink and drive. Even if you've had only one alcoholic beverage, designate a sober driver or plan to use public transportation or a ride service to get home safely.

*If you see a drunk driver on the road, contact your local law enforcement agency.

*Do you have a friend who is about to drink and drive? Take the keys away and make arrangements to get your friend home safely.

A Message From Our CEO

Tis' the season when our newsfeeds are full of thankful' challenges, grateful list' and pumpkin EVERYTHING. Without a doubt, celebrating people and special events brings me great joy. As a person whose love language is Acts of Service, holidays are just a socially acceptable time to go a little celebratory 'cray cray'.

When life is going well, gratitude allows us to celebrate and magnify the goodness. But what about when life goes badly? Specifically, during the times when we are struggling to find purpose or hope; angry or bitter. So many people today are in the midst of personal or economic maelstrom so the thought of gratitude is more of a daunting task more than anything. Does reframing our thoughts to focus on a grateful mindset really, *really* help? My answer... YES! It will not only help but it is *essential* with seeing the bigger picture and obtaining personal growth.
